Water Audit & Water Loss Improvement Steps

Steps taken in the audit period timeframe to increase data source accuracy, reduce real losses, and/or reduce apparent losses, as informed by the water audit.

The District has continued with our customer meter installations. The District should be fully metered by the end of 2020. The District has also continued a water loss pilot in one of our pressure zones. We are expanding this pilot to include two more District Metered Areas for 2020. We have also installed and are troubleshooting a smart PRV to provide pressure control in our water loss pilot area.
