Part B: Provided by Utility

Utility Provided

Water Supplier Name: Calaveras County Water District – Jenny Lind **Water Supplier ID Number:** CA051000 **Water Audit Period:** FY 18-19

Water Audit & Water Loss Improvement Steps:

Utility to provide steps taken in preceding year to increase data validity, reduce real loss and apparent loss as informed by the annual validated water audit:

- Past water audits have identified that the District's existing meters are in need of replacement. The Calaveras County Water District (CCWD) has worked to secure a grant/loan from the United States Department of Agriculture which will allow the District to replace all of its existing meters with new, radio-read meters. These new meters will allow CCWD to sync water production to water consumption, minimize apparent water loss, help customers identify leaks much more quickly and provide much better customer service when it comes to water usage data and more regular billing. We hope to begin this project in 2020.

Certification Statement by Utility Executive:

This water loss audit report meets the requirements of California Code of Regulations Title 23, Division 2, Chapter 7 and the California Water Code Section 10608.34 and has been prepared in accordance with the method adopted by the American Water Works Association, as contained in their manual, *Water Audit and Loss Control Programs, Manual M36, Fourth Edition* and in the Free Water Audit Software version 5.
