Water Audit & Water Loss Improvement Steps

Steps taken in the audit period timeframe to increase data source accuracy, reduce real losses, and/or reduce apparent losses, as informed by the water audit.

1. Source Water meter testing with WSO Water Systems Optimization Inc

2. 10% of all customer meters that are swapped out are bench tested for accuracy

3. SCADA calibrations annually with source water meters

4. Read verify process on every customer meter and the MIU to make sure that we have meter reading accuracy.

5. Proactive leak detection and valve maintenance of the distribution system. This includes listening to all District valves, hydrants and customer service lines.
