Certified Validation Report

Utility Provided

Water Supplier Name: Valley of the Moon Water District **Water Supplier ID Number:** 4910013 **Water Audit Period:** Calendar year 2019

Water Audit & Water Loss Improvement Steps:

Utility to provide steps taken in preceding year to increase data validity, reduce real loss and apparent loss as informed by the annual validated water audit:

We are transitioning to a new Badger AMI meter system. With this system we can monitor usage and leaks to better assist our customers in stopping water loss. V.O.M. Water District offers tools for customers to manage their water use and receive leak/high usage alerts. The new meters increase the validity of our reading and give us an hourly breakdown of water use. We are also in the process of replacing several sections of main to prevent leaks and bursts from aging infrastructure.

Certification Statement by Utility Executive:

This water loss audit report meets the requirements of California Code of Regulations Title 23, Division 2, Chapter 7 and the California Water Code Section 10608.34 and has been prepared in accordance with the method adopted by the American Water Works Association, as contained in their manual, *Water Audit and Loss Control Programs, Manual M36, Fourth Edition* and in the Free Water Audit Software version 5.
